## Bus Registration

Even if you will not normally ride the bus, we encourage you to register so the option is available if needed. The earlier you register for the bus, the sooner your route information can be established. This is a multi-step process. Please see the following directions.

1. All information can be accessed through the CISD Transportation web page at <http://www.conroeisd.net/transportation/>.
2. If a student was registered last year, the system should carry them forward as a registered rider. If not, you can register (again) by selecting the **Register for Transportation** button.
3. If your child is registered for transportation, you will want to look at the orange column entitled **What Bus Do I Ride?**
4. When you click on the **Find Bus Route** button at the bottom of this column, you will be taken to the Compass page.
5. Compass is the system where transportation information is kept.
6. When you arrive on the Compass page, you must click on the **Student Eligibility** button at the bottom of the page.
7. When you click on this, it will take you to a prompt that requests two pieces of information. The first piece of requested information is the Student ID number. You can get this from Parent Access, last year's report card or by calling the school. (This is also your child's library and lunch number, so they may be able to help you.) The second piece of information the system uses to identify the student is the student's date of birth in DD/MM/YYYY format.
8. Next, click **Find**.
9. This will bring up the specific information about the location (address) and time the student will be picked up as well as the drop off location and the time.

Please note that parents should check back frequently as the first day of school approaches to make sure the route has not been updated.

## Cell Phone/Electronics Policy

Electronic devices (**including phones**) are permitted but **MUST** be turned off and concealed prior to entering the building. Students may notify parents of their arrival to campus before entering the building. Students may notify parents of departure after stepping outside the building. An electronic device should be stored with the student in his/her backpack or bag. **Your student may not respond to a call/text on his/her cell phone during the school day. Doing so will result in disciplinary action.** If you need to reach your student, please contact the school and we will assist you.

Electronic readers are allowed for **reading purposes ONLY**. E-readers must be turned off during class time unless given permission to use by the teacher. Apple or other Smart watches may not be used to send/receive messages or access the internet.

*Your child's phone and any other electronic device will be confiscated if used inappropriately.* Repeated misuse of an electronic device will result in required parent retrieval, detention and/or loss of privilege to bring an electronic device to school.

**Please note: The school is not responsible for lost or stolen cell phones and/or electronic devices.**

## **Dress Code Policy**

As you prepare for the new school year, please keep the dress code requirements in mind.
